# Control Your Light in a Smart Way

Smart Wi-Fi Light Switch

**HS200**

## Control from Anywhere

The HS200 lets you control anything a standard light switch controls—all from your phone. Turn your lights, ceiling fans, and other fixtures off and on no matter where you are.

Turn on the light when driving home

Control your light freely

## Peace of Mind

Check to make sure you turned off your lights while away from home on your smartphone or tablet.

## Set Schedules

Use the HS200 to automate connected fixtures based on your daily schedule and preferences. The smart switch can even adjust automatically to changing sunset and sunrise times, set a time limit to turn off the light or secure your home when you're away.
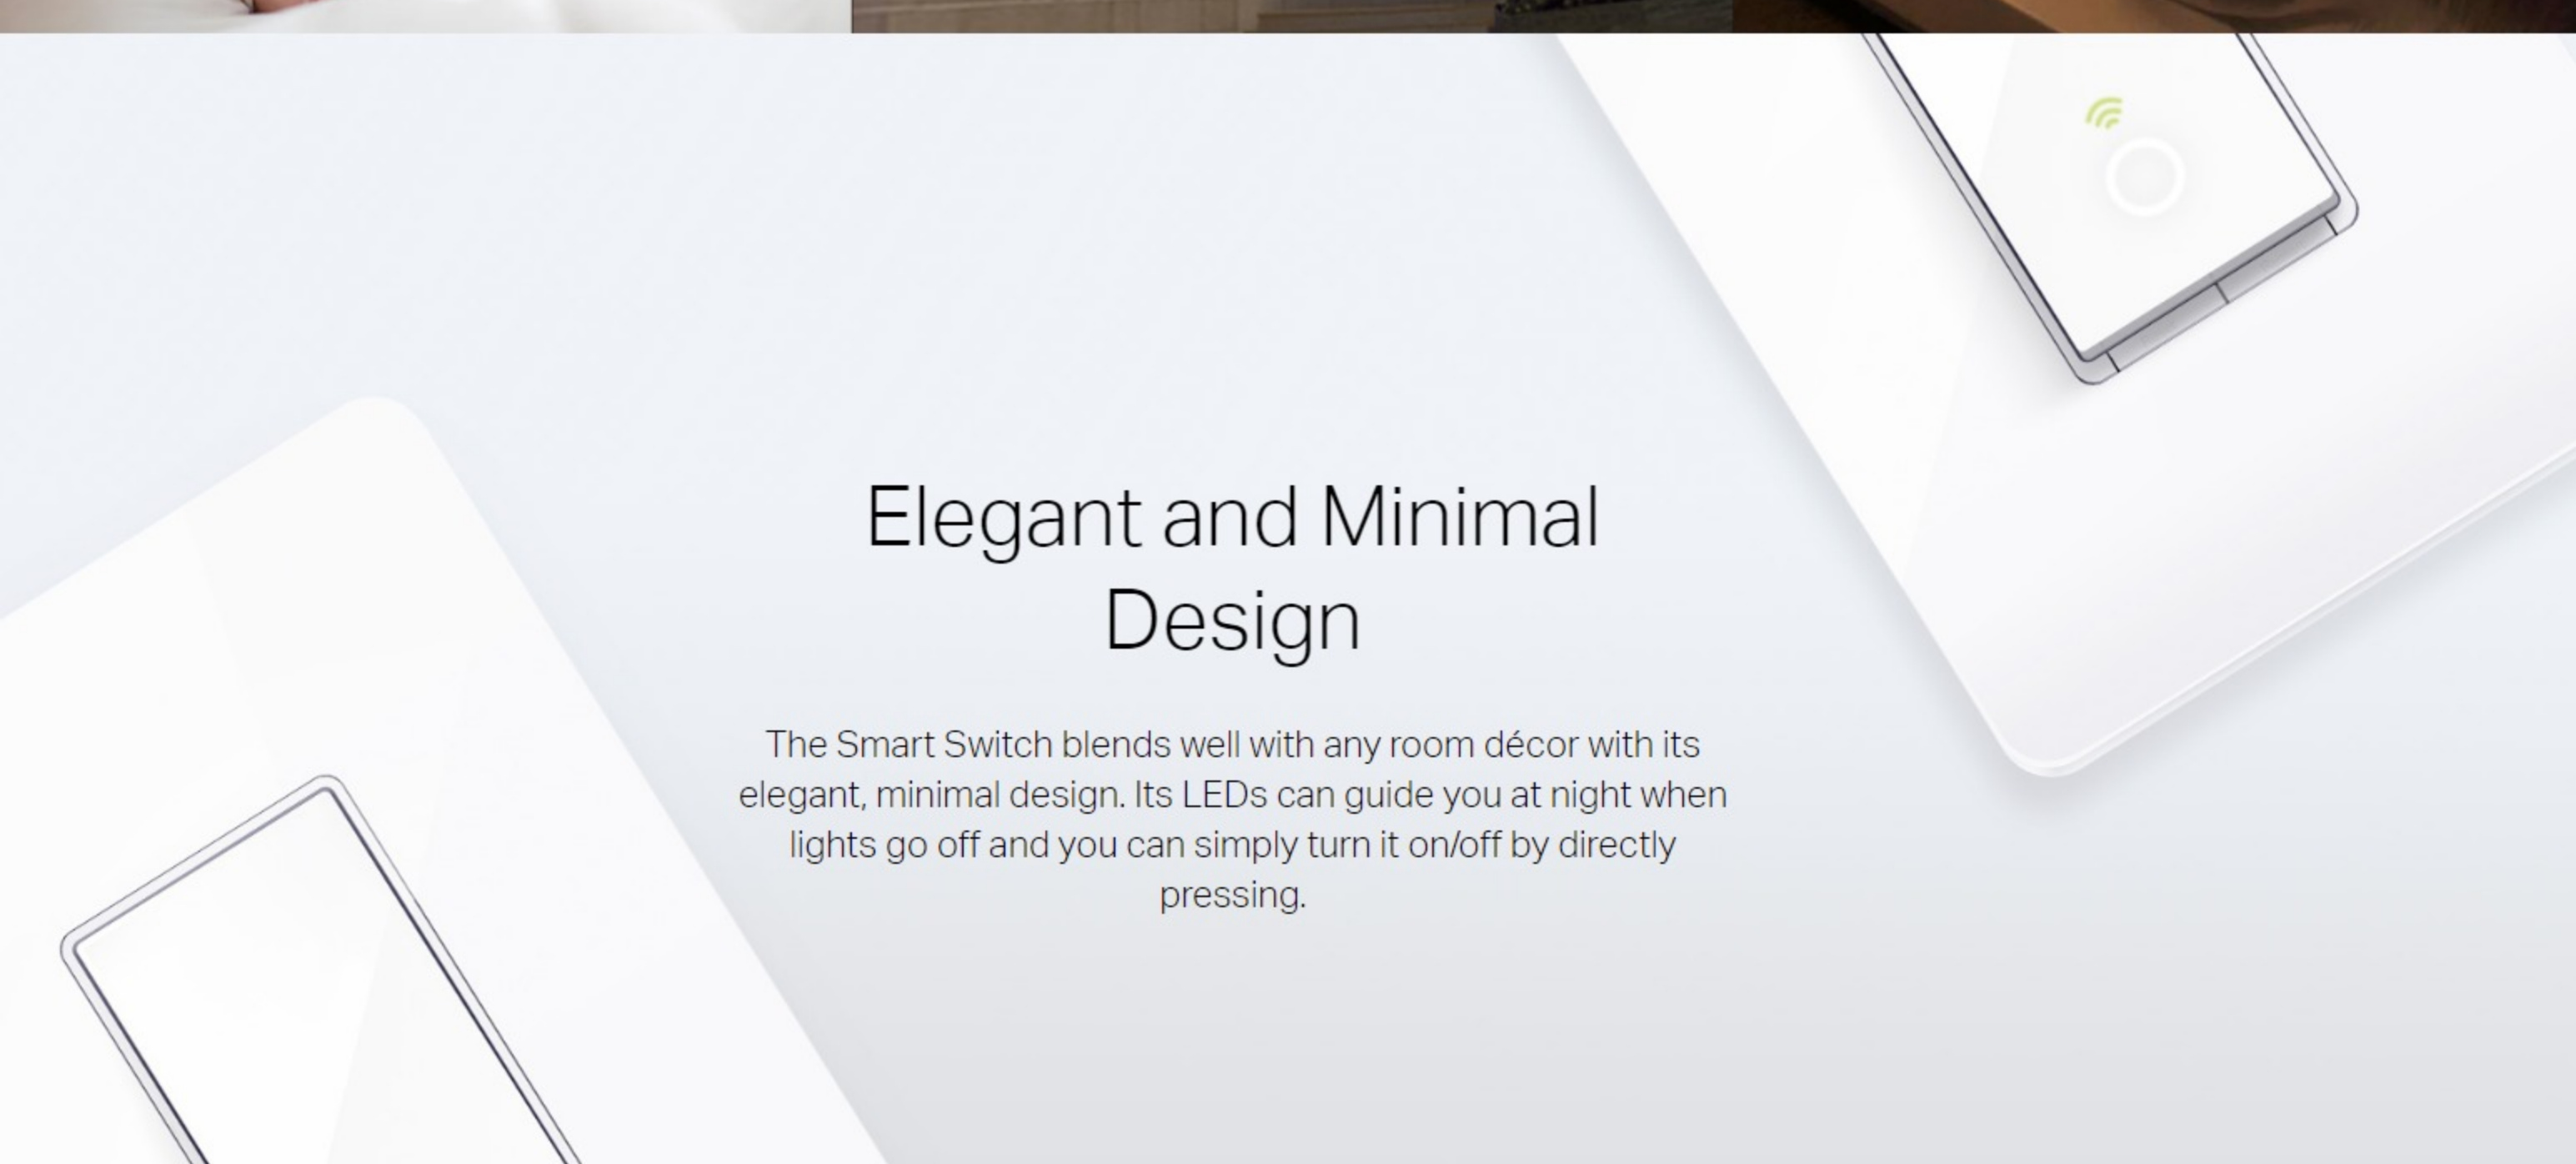

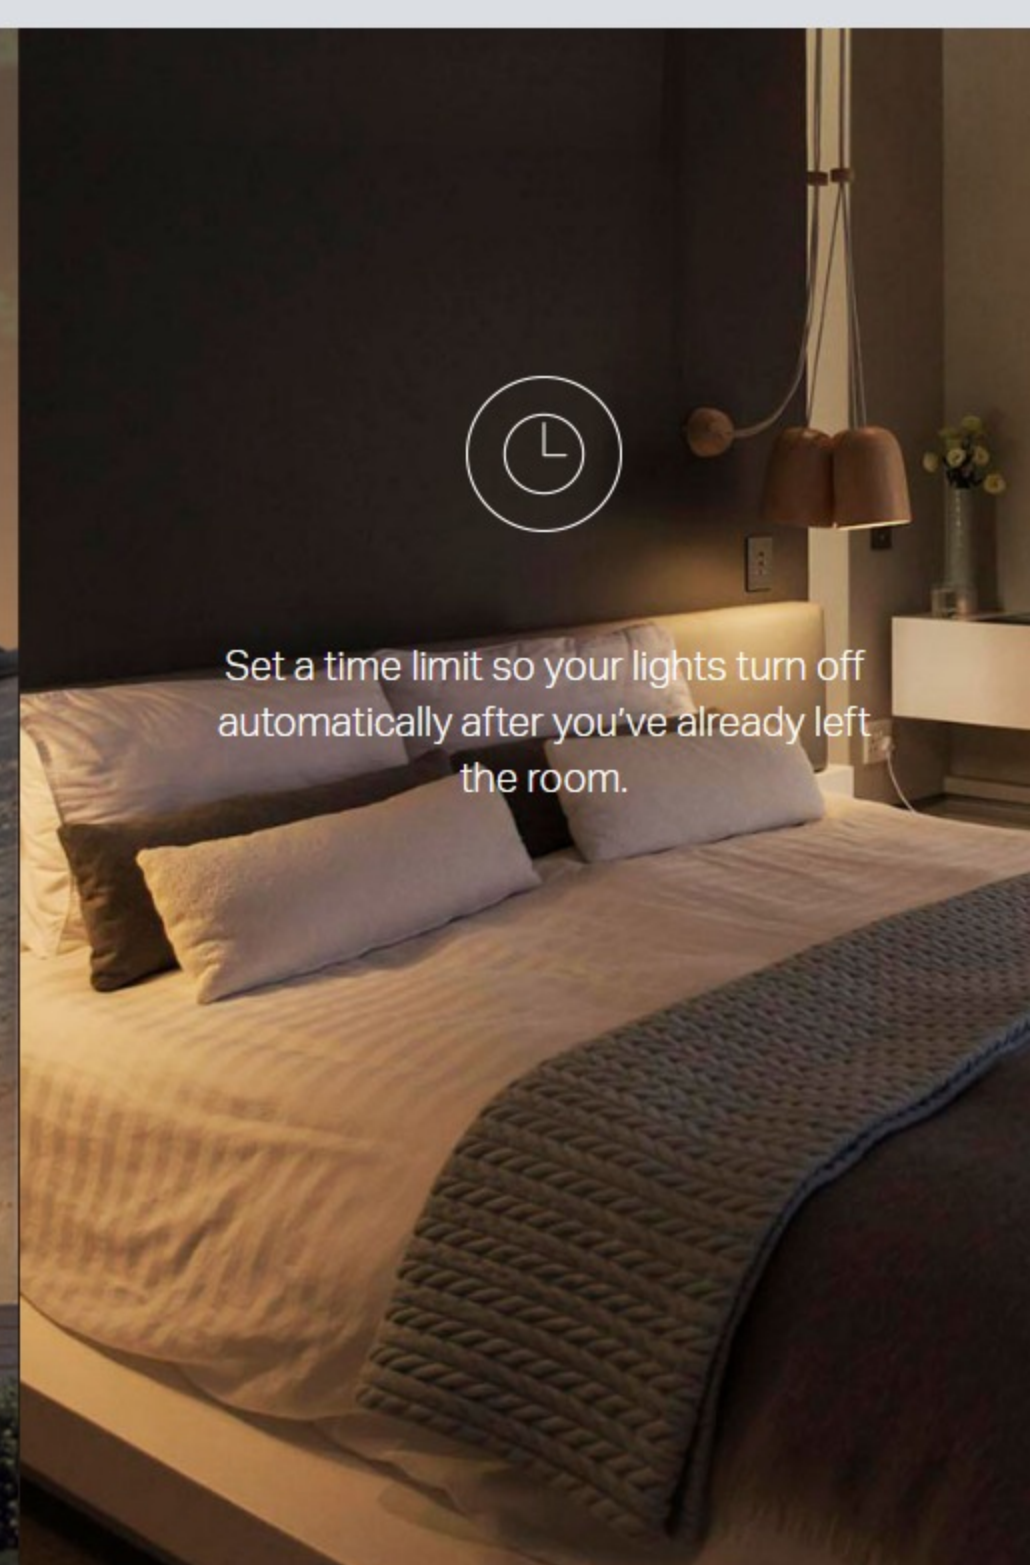

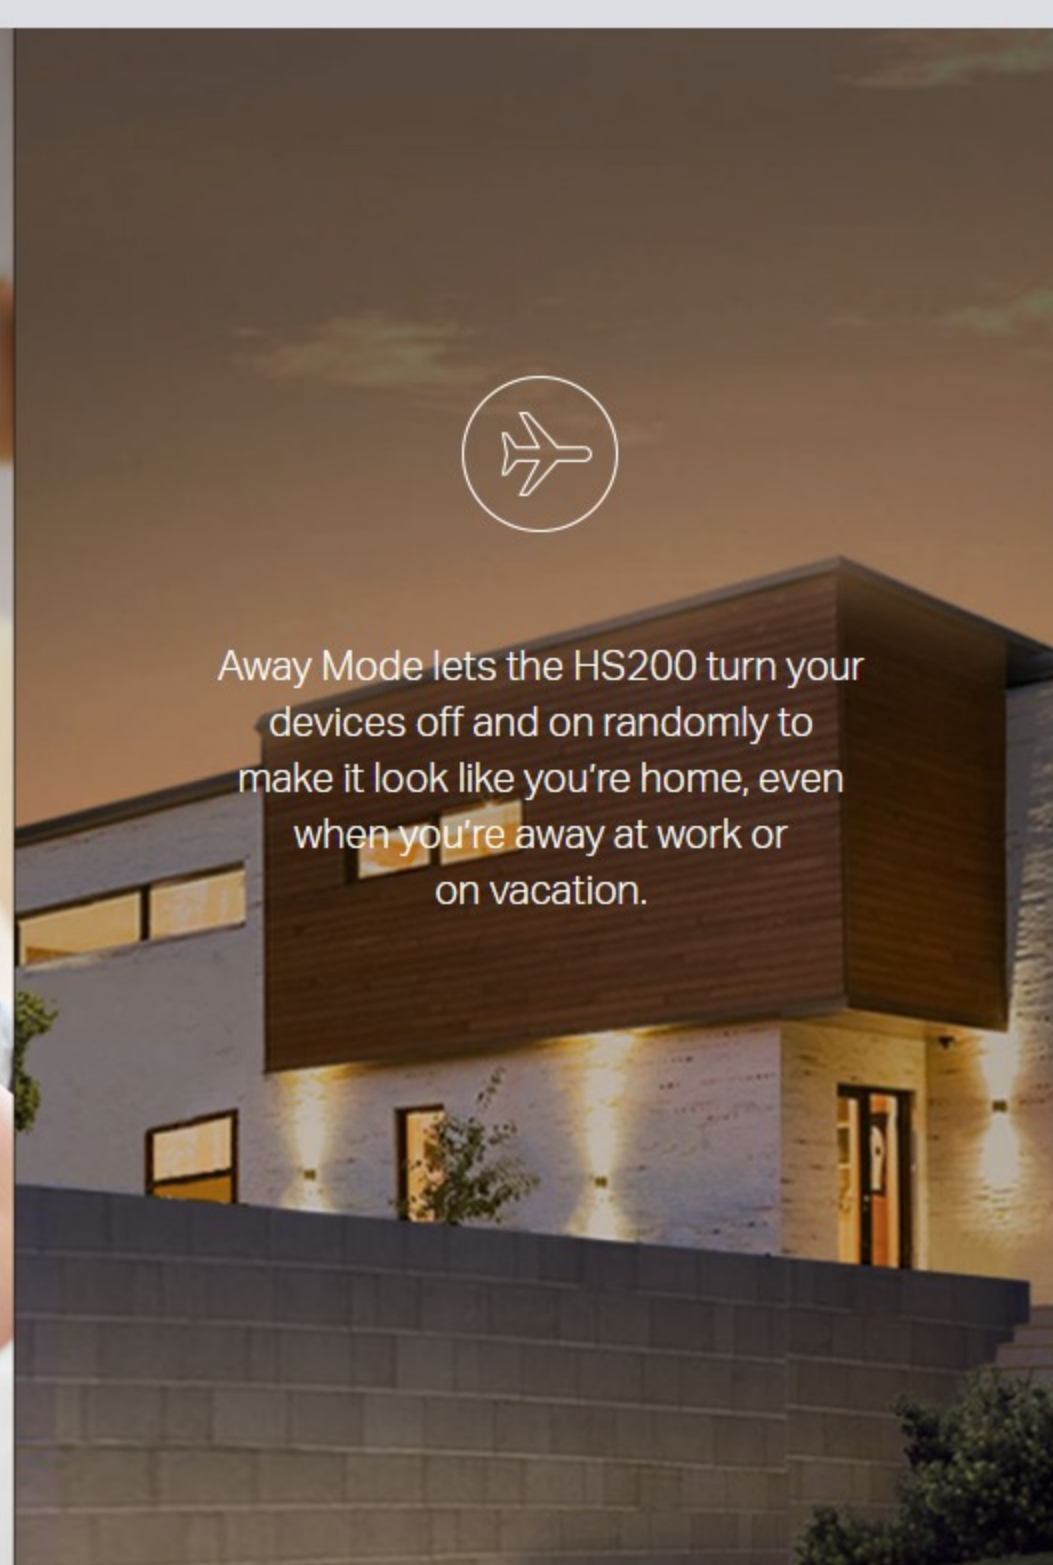

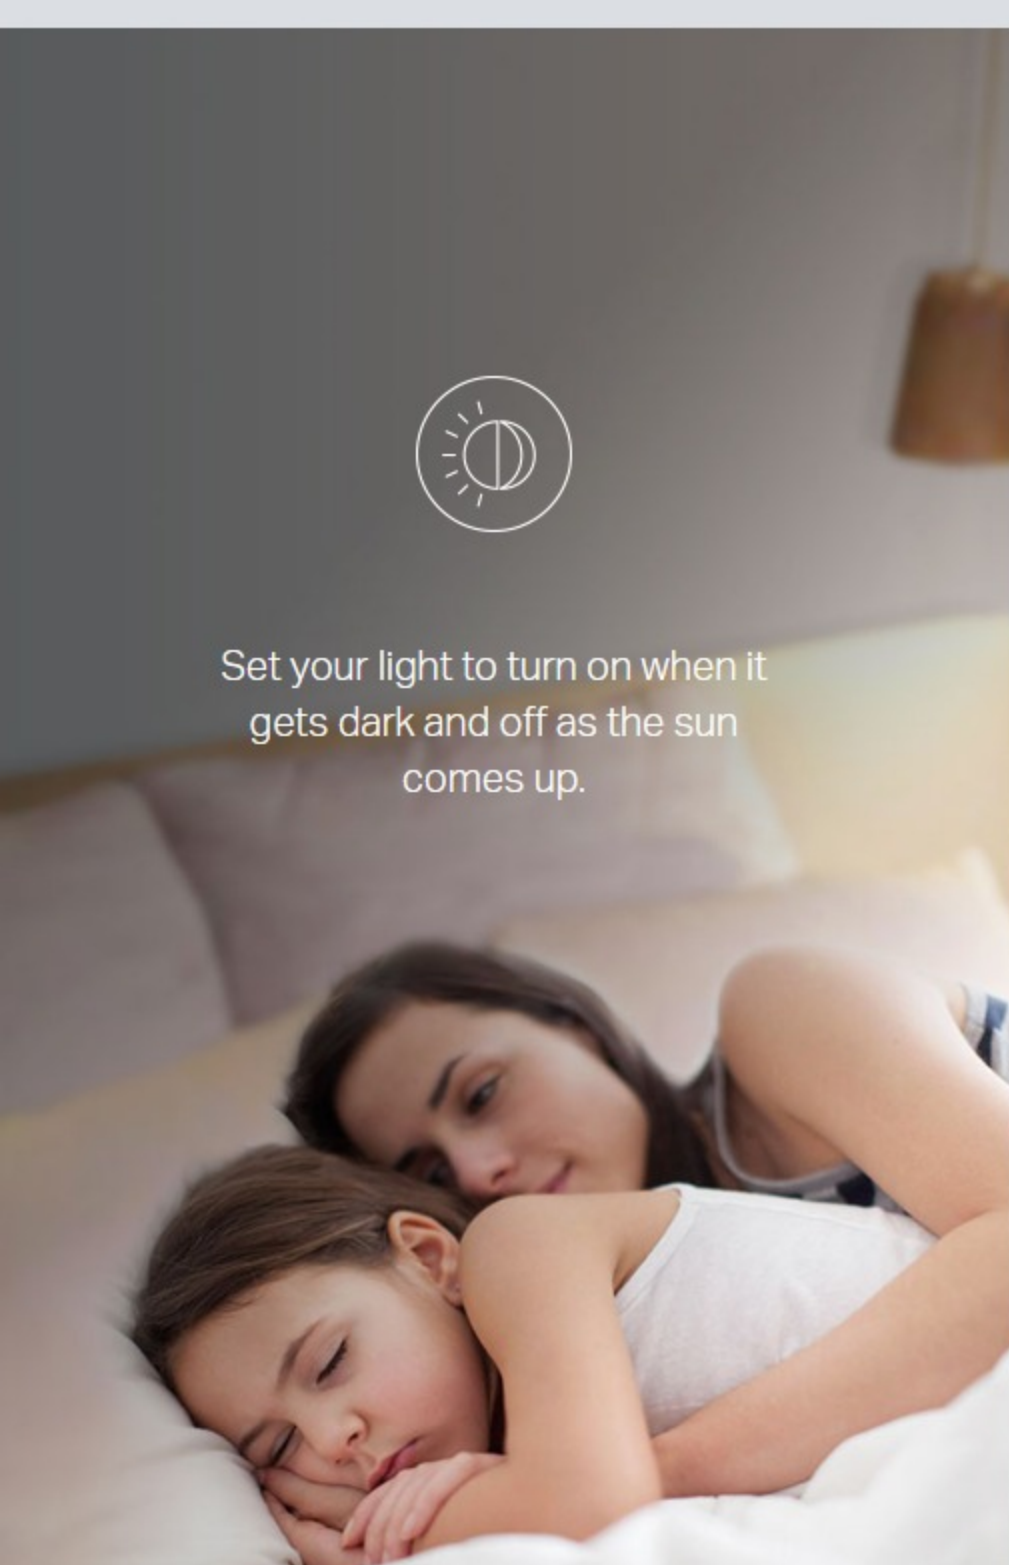

Schedule

Sunrise/sunset time

Away Mode

Countdown Mode

Set schedules to light on/off your room anytime you wish even when you are away.

6:00 am
SMTWTFS

7:00 am
One time only

9:00 am
SMTWTFS

2:00 pm

6:00 pm

Set your light to turn on when it gets dark and off as the sun comes up.

Away Mode lets the HS200 turn your devices off and on randomly to make it look like you're home, even when you're away at work or on vacation.

Set a time limit so your lights turn off automatically after you've already left the room.

## Elegant and Minimal Design

The Smart Switch blends well with any room décor with its elegant, minimal design. Its LEDs can guide you at night when lights go off and you can simply turn it on/off by directly pressing.
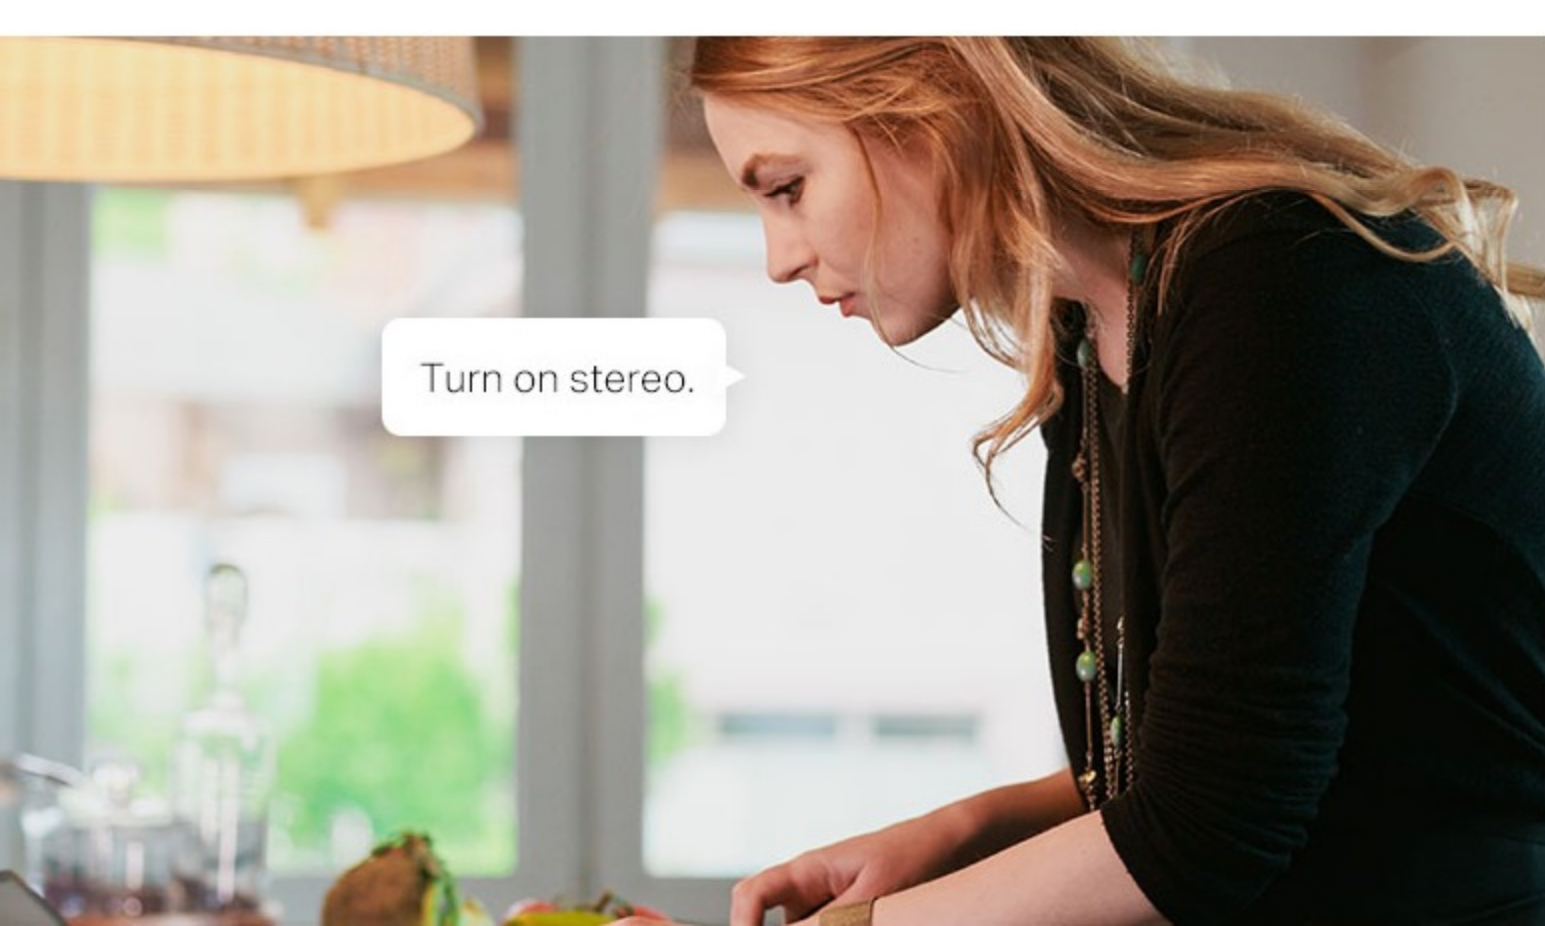

## Meet Our Partners

Turn on stereo.

### Voice is the Power

Use voice commands with Alexa or Google Assistant supported devices for a hands-free experience.
